TECHNICAL SKILLS

FRONTEND

React · Next.js · TypeScript · JavaScript · HTML5 · CSS3 · Tailwind CSS · Material UI

STATE & DATA

Redux Toolkit · Context API · REST APIs · Socket.io

BACKEND & DATABASE

Node.js · Express · MongoDB · SQL

PRACTICES & TOOLS

Git · Responsive Design · Cross-browser Testing · Performance Optimisation

CORE STRENGTHS

- Component-driven, type-safe UI architecture
- Pixel-accurate, responsive interfaces
- Frontend–backend collaboration
- Fast learner, ships end to end

LANGUAGES

English	Professional

M Bilal Arsal

Full Stack Developer

React · Next.js · TypeScript · Node.js · Express · MongoDB

Full Stack Developer and BSCS student who builds fast, responsive and type-safe web applications with React, Next.js and TypeScript, backed by Node.js, Express and MongoDB. Experienced in crafting polished interfaces with Material UI and Tailwind CSS, integrating REST APIs, and tuning performance alongside backend teams. Seeking a product-focused engineering role where clean UI and reliable code ship together.

EXPERIENCE

Frontend Developer

05/2024 – 01/2025

Onstack

- **Built and maintained** responsive React.js applications on a modular, reusable component architecture.
- **Raised UI/UX quality** by implementing Material UI and modern design principles for a consistent look across screens.
- **Integrated REST APIs** and optimised frontend performance to deliver faster load times.
- **Engineered TypeScript components** with strict typing for greater type safety, reliability and maintainability.
- **Partnered with backend engineers** to align on API contracts and deliver seamless functionality across the stack, using Git for version control and team delivery.
- **Delivered cross-browser and mobile-compatible** layouts using advanced responsive design techniques.
